VOICES FROM RC FELLOWS

PROFESSOR DESMOND HUI

Professor Desmond HUI is a respected scholar in cultural and creative industries. He has served on various international advisory committees including Expert Advisor to UNESCO and British Council. He is also a member of the International Committee of Architectural Critics (CICA).

He is now the Head of Department of Art and Design and Programme Director of BA in Cultural and Creative Industries (BA-CCI) and BA in Art and Design (BA-AD)

since the launch of the programmes in 2017 and 2020 respectively.

Professor HUI recalled the most memorable seminar activity he organised for the RCs. The seminar is dedicated to the inbound exchange students of Lee Yick Hoi Lun Mosaic College, and he shared about historical architecture and different religious buildings in Hong Kong. "It is a nice moment to have cultural exchange with student residents, which accomplishes living and learning in the College."

LEARNING FROM OXBRIDGE

Referencing to the fellowship experience in the University of Cambridge, Prof HUI believes that the RC Affiliated Fellowship Scheme is a significant initiative of the University that deserves the support from faculty and staff, "RCs foster unique and invaluable student-faculty out-of-classroom interaction," he reckoned. He also understands that it is not easy to establish a Fellowship Scheme at the scale of Oxbridge. Notwithstanding the limitation on physical space, "it is worth learning from Oxbridge the community learning and spirit." Professor HUI commented.

Despite a busy schedule, Professor HUI has a lot of hobbies such as drawing, painting, music, and Tai-Chi. He integrates his hobbies into support to RCs: he was the judge of the Art Jamming Competition under The Council Chairman Bowl last year. As a pop music lover, he looks forward to getting involved in the RC Singing Competition which is expected to be held later this year.
