Prof Hon S CHAN
Vice-President (Learning and Student Experience)

We are delighted to welcome you to the HSUHK Jockey Club Residential Colleges (RCs). Whether you are beginning or continuing your journey at the RCs with us, we look forward to growing, living, and learning together with you.

The RCs are living-and-learning communities that foster academic excellence and all-round student development. One-third of our faculty members contribute towards student learning and success by serving in different positions in the RCs, such as RC Masters, Associate Masters, Resident Tutors and RC Fellows. They work closely with the Student Affairs Office and the Residential Colleges Unit in providing you with quality on-campus accommodation and a transformative learning experience.

The RC communities have a shared commitment to promote inclusion and diversity. Since their establishment in 2015, students, faculty, and staff from diverse backgrounds have lived together and learnt from each other. Let's continue to work hand-in-hand to promote a climate that is safe, civil, inclusive, and supportive.

Once again, welcome to the RCs and we look forward to working closely with you to support your successful learning journey.

Ms Esther LEE
Director of Student Affairs

Welcome to the HSUHK Jockey Club Residential Colleges (RCs)! As we continue to respond to the uncertainties of the ongoing pandemic, we are grateful to student residents for their understanding and cooperation in support of the greater good of public health. We are confident that this positivity will be passed down to the student residents of 2022/23 and that the RC communities will remain safe and strong.

In line with the University's mission of nurturing responsible global citizens and leaders, the RCs will continue to provide you with year-long development opportunities, such as aiming for Residential Life Student Leader Awards and acting as Sustainability Leaders, Floor Ambassadors, Fire Safety Marshals, and others. To get yourself involved and engaged at the RCs is easy - always keep an eye on our announcements; speak to other RC members whenever you have a chance; and last but not least, be open-minded and curious.

My team and I are honoured to have you as part of the RC communities. We look forward to meeting you around in our beautiful RCs!

LEARNING PARTNERS

RC Masters

As the leader of the RC Management Team and the overall in-charge of an RC, the RC Master builds the college identity by designing and implementing educational initiatives around the RC theme. Each Master leads their team in building a creative and inclusive learning culture at the RCs. The Master also handles residents' disputes, student conduct and emergencies at the RCs.

Resident Tutors

The Resident Tutors are faculty, staff members or postgraduate students of the University. Resident tutors provide pastoral care and engage residents through activities. They oversee one or two floors, supervise the Floor Ambassadors, and act as the first point of contact for residents. You are welcome to seek advice from them when you have any questions, suggestions or concerns.

Associate Masters

Associate Master is another leader of the Team. He/she assists the RC Master in carrying out a wide spectrum of duties to shape and build the RC community. He/she takes part in RC events regularly and encourages wider student participation. The Associate Master is also involved in handling residents' disputes, student conduct and emergencies at the RC.

RC Fellows

RC Fellows are faculty members who are actively engaged with a particular RC. Each Fellow affiliates with an RC and works closely with the RC Master in developing residential programmes.

Fellows do not live at RCs but are important learning partners to our residents. Fellows participate in or organise RC events, and provide students with advice on study, career, and personal development.

There are also designated staff in the Student Affairs Office (SAO) who promote and enhance the living and learning experiences. They also implement and refine the overall policies of the RCs by obtaining opinions and suggestions from students and other members of RCs.

RESIDENTIAL COLLEGES UNIT, SAO

Under the Student Affairs Office, the Residential Colleges Unit (RCU) is responsible for the overall management of the RCs, including:

- Handling admission and allocation of all RCs;
- Managing the facilities and amenities of the site;
- Overseeing daily operational matters, such as security, cleaning service and maintenance.

RC SYSTEM AND EDUCATION TEAM, SAO

The RC System and Education Team supports individual RCs in educational programmes, advisory boards, Executive Committees, and other administration. The team works closely with student leaders of the RCs. They also coordinate joint-RC and inter-RC education programmes.

SERVICE WORKERS

Security, cleaners, technicians and other operational staff are staff who keep the RCs safe and clean. Security service is available 24/7 and a designated security station is located at the lobby of each RC.

Building HARMONIOUS RC COMMUNITIES

Say No to Sexual Harassment

The University is committed to creating an environment free from sexual harassment. The University has set up protocols to handle sexual harassment complaints from University members.

Getting along with your Roommates

Let your roommate know your preferences and expectations as soon as you move in:

- Are you an early or late person?
- Are you a fan or hater of the snooze button?
- Do you tidy up your room every now and then?

The earlier you let your roommate know these things, the sooner you and your roommate can figure out a mutually beneficial way of living.

Alcohol Awareness

Possession or consumption of alcohol is strictly prohibited in the RCs. Prior approval from the RC Master must be obtained if an RC event involves drinking.

The legal drinking age in Hong Kong is 18. If you consume alcohol outside the University, make wise choices to keep your risk of alcohol-related accidents, injuries, diseases and death low.

Drug Awareness

The Hong Kong government has a zero tolerance policy against illegal drug use.

Drugs such as cannabis and ecstasy, which can be considered recreational drugs in other countries are all illegal in Hong Kong. They are strictly forbidden in the RCs and the University.
